name: Bobbie Faison
email: work4bobbie@gmail.com
message: Hi Kathy,

I read your article of Jon and I am sorry to hear about what he had done to you. All these years and I had no idea and I'm sorry.

As you probably already know, we have not been together for 3 years. We are divorced and I thank God every day! Even though, he is married to Karen now, he continues to torture and cause a tremendous amount of undue stress in my life for me and our disabled child.

With that said, I need your help. Would you be able to email me a copy of the actual police report?

I already have a copy of the police report you had posted with your injuries, but I would need a copy of the actual police report that states how you got your injuries, It would greatly appreciate it.

Either way, please let me know.

I hope you life is much better for you now.

Sincerely,
Bobbie

Dear Bobbie,

I didn't know you and Jon were divorced, I didn't know you were legally married either cause you never changed your name to reflect his last name like Shelly Mackinder, his 1st wife. I did not know that your child with Jon Mackinder was disabled, I got computations to cause her harm from Shelly Mackinder hence her stalking your child online.

I'm actually OT, I crossed the wall of fire, what they started in 1998, I finished in 2009/2010 so I'm OT and with that, came alot of things I wasn't prepared for cause I never got my OT levels this life. I'm actually a last life OT1, OT2 was my next action on the bridge. So it was really weird and gross to get premeditated computations including mental image pictures from Shelly Mackinder of how she was gonna harm your child to cause Jon pain cause he married you and never got back with her and you're a Scientologist and she hates Scientology.

Not sure what article you are referring to, please specify.

Do you know what happened to me in 1998 while I was unconscious? Jon must have talked to you about it, he was there with everybody else during that time, he's also on the video tape/tapes. Any information on this would be helpful.

Thank You,
Kathy Gold

Hi Kathy,

Thank you for your response.

My request has nothing to do with Shelly stalking my child and it has nothing to do with talking to Jon.

Here are the links that you had posted on-line that I saw:

http://www.scientologyforyou.info/scientology_my_story.html

<https://whyweprotest.net/threads/the-church-of-scientology-supports-domestic-violence-abuse.120924/>

The 2nd link above shows your injuries that the police noted, when Jon had beaten you.
I would like to get a copy of the rest of this police report that states how Jon gave you these injuries.
Do you have the other part of this police report that actually states what had occurred?
It would be very helpful if you could send it over to me.
Please let me know.
Thank you!

Actually I'm authenticating evidence online cause I'm in the process of going to Federal Court. I have two lawsuits to type up and file simultaneously, the 1st is against the FBI/DOJ/LAPD and the 2nd is against the LAPD/OliveViewMedical/ChurchOfScientology.

There is no police report cause the LAPD threatened me with murder in 1999.

This image
https://whyweprotest.net/attachments/1125559_orig-jpg.239241/

is from my psych file, at this time that it was posted on this message board, not by me, I had a less then 40 page psych report casue the entire thing was concealed from me, which is against the law and tolls the statute of limitations, in the year 2015 I got over 300 pages and found out what happened to me, it's on the psych report. 17 years later I find out what happened to me. I believe it's standard practive for all hopstials to conceal psych reports/medical files, I don't know why but CCHR knew.

Here is the website I'm authenticating evidence on
<http://www.fedcourt.info/the-3-attacks-by-jon-mackinder-that-gave-me-concussions/>

This church's management team ran ops on me while unconscious where they made duplicates of my keys, used my phone and computers to commit other crimes on others while I wasn't there and while I was and unconscious.

<http://www.fedcourt.info/the-krs-i-wrote-in-1998-to-rtc/>

<http://www.fedcourt.info/was-this-an-ops-by-this-churchs-management-team/>

on this page is letters to the LAPD trying to get the police report including the cashed check and my notes. They threatened me over the phone, implied that if I attempted to get the police report in any, way, shape or form, they as in a group would murder me and then hung up.

<http://www.fedcourt.info/the-crimes-committed-by-the-lapd-fbi-and-doj/>

That reinforced the pain and trauma of the PTSDs I already had, each day was ground hog day, after that, when I tried to recall my memories I was hit with flashbacks with force where my head went to the side. I could not talk about this subject nor recall my memories without feeling heavy duty flashbacks with force.

Statute of Limitations tolled

<http://www.fedcourt.info/the-statue-of-limitations-is-tolled-till-2025/>

It includes Jon's partial confession as well as the letter from Dan Stradford losing my religion and getting blamed for them holding me hostage in my home and video taping it. I was told by Jamie Welte everything was fine in September, wait till December and then I can come back on lines at CC Int. So I waited and the A&E investigative reporting show came out about Lisa Mcpherson, then the next month, I got this letter, losing my religion cause it was all my fault that they held me hostage and refused to apply standard tech, they labeled me type 3 and then refused to apply the type 3 tech, I was on the PTS/SP course when all this happened. I tried to escape many times while they held me hostage.

These people opened up my case and made me, forced me to relive past life death, over and over and over and over and over again and it wasn't pretty, I was actually dying that's why I was going unconscious from the numerous concussions that I got from Jon's attacks. As for the injuries he gave me, I think that's listed

<http://www.fedcourt.info/the-3-attacks-by-jon-mackinder-that-gave-me-concussions/>

<http://www.fedcourt.info/the-3-attacks-by-jon-mackinder-that-gave-me-concussions-part-2/>

I think I sorted that out cause in one of my escape attempts he also gave me other injuries when him and this woman were dragging my naked body back into my apartment.

From Jon's partial confession, it appears he might have raped me while I was unconscious, he's obsessed with my underwear. Maybe you can shed light about the other woman in his partial confession.

As for Shelly, she's also on there cause she attacked me via social media cause I'm a Scientologist

<http://www.fedcourt.info/the-krs-i-wrote-in-1998-to-rtc/>

Basically they put me in the looney bin so they could obtain my blood and urine to use as medical evidence in the Lisa Mcpherson case, Nov of 1998 there was a murder indictment coming down for Lisa's murder against David Miscavige, my scene happened in Aug/Sept 1998. They also ran ops on Joan Woods the medical examiner in Lisa's case, they ran ops on her and overwhelmed her with medical evidence so she would change her findings from murder to accident and she did.

Her story is listed

<http://www.fedcourt.info/disney-and-aes-values-morals-and-ethics/>

When the LAPD arrived I was unconscious, the LAPD talked to Jon and whoever else was in my home, there was a lot of people coming and going out of my house, sea org members, staff, public scientologists, but all strangers to me, I had no idea who/whom these people were. They told the LAPD that I had a history of mental illness which was not true, I was never in a psych ward until they put me there, now why put me there and then get me out, unless you need something from that person that you can only get from a hospital and that's blood and urine ie medical evidence, on the full psych report I found my blood was taken 24 hours after admission and my urine 48 hours after admission, standard procedure is as soon as the person comes in. I was overdosed with psych drugs and put into a coma (that's a side effect of one of the drugs) and kept in a coma for 36 hours while I was raped by different people. OSA provided free attorneys for me to get me out and there was a sea org member in the psych ward, they left him there and my assigned minister came and got me, I asked him, what about him (his name was Bruce, I can't remember his last name, he was a sea org member at Asho) Dan Stradford to me "I'm here for you, not him". So there's scientologist even sea org members that have been in the looney bin, they just don't talk about it, in this community.

Mike Rinder was head of OSA at this time, and knew. They also video taped me while unconscious without my knowledge nor consent and I was naked, I just happened to wake up from being unconscious for about 1/2 second to see it, had that never happened in that moment in time, I would never know. Nobody would talk to me and left me spinning in pain and mystery.

Lisa died in 1995, I believe they did this to others to gather medical evidence and Miscavige wanted to figure out the OT levels, why some people who do the OT levels go psychotic and have type 3 sit, another reason to video tape me, to have a logical explanation for court cause Lisa's family was suing for wrongful death in civil court. And whatever else reasons I haven't found/figured out yet.

Lisa was on auditing lines and attested to clear, she was in the non interference zone, I was on course not auditing lines. I believe from 1995 to 1998 they put other Scientologists into the looney so they could run ops using CCHR's resources and steal their blood and urine for medical evidence to get David Miscavige off on murder charges. It would have been easier if he just hired defense attorneys, the best money could buy, after all, he regs at least \$100 million from each IAS event.

For a long time, I blamed myself and cried for 3 years, every day 3-4 times a day. What did I do that was so wrong to pull this in? The answer, I trusted these people.

It wasn't my fault, I wasn't responsible nor accountable for them violating my civil rights and refusing to apply my religion. A type 3 sit lasts for a few hours, tops, not days nor weeks. Their MUs on my religion and mental health, wholetrack, implants, PTS etc etc.

If this wasn't a prison planet, this would have never happened to me, for more then one reason. I don't know your case status etc etc but if you feel you won't be able to afford going up a bridge, I hope you don't commit crimes for OSA in exchange for free Bridge services and then have it justified for the greater good, this church etc etc cause that's not gonna help you on your spiritual journey and getting off this rock.

Apply code of honor, keep your integrity in and say no to OSA, you can go to the copyrights offices and get copies of the OT levels and do it yourself in your own home, exercise your 1st amendment, freedom to practice religion in your home and help others including the Independent Scientology field for your contributions to mankind, the human race.

I've already crossed the wall of fire, I don't need them nor do I need to help anybody cause of what occurred to me in 1998, I was the victim of these crimes, it's similar to the children that died in the Nazi concentration camps. They were making me, forcing me to cross the wall of fire in 1998, it just wasn't finished. Most people cross the wall of fire while dying, as their souls leave their bodies. So what they did was force me to do this and video taped it without my consent nor permission.

Also, Pomm knew, aren't you friends with Pomm? Didn't she ever say anything to you about what happened or they kept you in the dark? She's on my [fedcourt.info](http://www.fedcourt.info) website too
<http://www.fedcourt.info/the-krs-i-wrote-in-1998-to-rtc/>

As well as other OT8s

Hope that helps, let me know about the other woman in Jon's partial confession it's possible that your ex husband is a serial rapist/murderer unbeknownst to you. He's a serial case who tried to murder me as well as blackmail me. It's listed [here](http://www.fedcourt.info/the-3-attacks-by-jon-mackinder-that-gave-me-concussions/).
